NEW YORK SOURS

A delectable combination of freshly made sour whisky with a cold red wine head. This drink brings a truly unique experience to the evening, and leaves a lasting palate memory.

ESPRESSO MARTINI

The espresso martini stands as one of the most popular drinks of the last decade.

With its tart opening blow and sweet soothing after taste, this drink is a perfect way to start your evening.

TANGERINE DREAM

A custom cocktail from our bartenders here at The Clarendon. The Tangerine Dream was made especially for those of you with a sweet tooth!

With its orange base and driving force of gin, this cocktail has been likened to an alcoholic sherbet.

MARTINI

Shaken? Stirred? Extra dry? and how many olives was that? The classic Martini is a drink of mystery with a thousand questions, each made uniquely for you. No two people's Martinis are ever made the same.

WITCHING HOUR

Another Clarendon original, this gin and tonic is something a little bit special. A delicious rhubarb gin, aromatic tonic, a Campari combo with added citrus from fine grapefruit slices.

Sharp, bitter and pleasantly sweet, this drink is fantastically refreshing and natural in flavour.

OLD FASHIONED

From Sinatra to Churchill, the Old Fashioned has been a staple of every cocktail bar since the 1800s.

A good whisky, sweetened and bittered. What more is there to say than 'enjoy.'

WHITE RUSSIAN

Made famous by the movie, The Big Lebowski, the White Russian is completely unique drink that combines ingrediency often unseen. It's not every day you sip milk, vodka and Kahlua in delicious combination.

PIÑA COLADA

The great drink of ships passing in the night and hot summer days under large leafed trees. This coconut and pineapple flavoured cocktail takes you on a strong tropical journey, even on the dullest of days.
